

Product information

35 12 115 ESD

DIN ISO 9655 DIN EN 61 340-5

- Precision pliers for fine assembly work, e.g. in electronics and fine mechanics
- For gripping, holding and bending
- Electrically discharging handles - dissipative
- Sturdy, zero backlash box joint
- Smooth ground gripping surfaces
- Edges carefully deburred
- Low-friction double spring for gentle and even opening
- The mirror polish together with a fine film of oil offer effective rust protection - no circuit faults caused by peeling chrome from plated tools

General	
Article No.	35 12 115 ESD
EAN	4003773024835
Head	mirror polished
Handles	with multi-component grips
Dimensions	51 x 17 mm
Standard	DIN ISO 9655 DIN EN 61 340-5
REACH compliant	does not contain SVHC
RoHS compliant	not applicable
Technical details	
ESD	yes

technical change and errors excepted
