KNIPEX TwinGrip XS

Compact front and side gripping pliers

- Optimal accessibility in the tightest of spaces due to a size of just 100 mm and a very slim head
- Grip, tighten and loosen even worn screws, bolts and small workpieces due to the front and side gripping functions
- Fast and efficient working without having to reposition your grip, due to the slim rotation zone
- High gripping force due to a biting front jaw with robust teeth and high mechanical advantage at the jaw tip
- With a box joint and two-stage ratchet adjustment of the gripping width
- Versatile gripping options: front grip for diameters 2–12 mm, side gripping for round diameters up to 12 mm and hex up to 10 mm, flat workpieces with three-point contact up to 7 mm
- Consistently secure gripping due to high wear resistance, achieved through gripping surfaces with specially hardened teeth; tooth hardness approx. 61 HRC
- Pinch guard prevents operators' fingers being pinched
- Durable and robust, with ergonomic handles featuring a textured surface for a secure grip
- Versatile applications such as precision engineering, model making, as an on-board tool for bicycles or motorbikes, and EDC (Every Day Carry)

General

Part No.	82 00 100
EAN	4003773094333
Weight	58 g
Dimensions	100 x 58 x 18 mm
REACH compliant	does not contain SVHC
RoHS compliant	not applicable

technical change and errors excepted
