

Product information

92 01 01

- When working on SMD components (SMD = surface mounted device): the fine geometry of the SMD tweezers also allows work to be carried out on electronic components that can be soldered directly onto the circuit board using solderable connecting surfaces
- Handcrafted: polished edges and an excellent matt, scratch-free and non-reflective surface
- For assembly work, laboratory processes, clean room environments, circuit board repairs and reworking in the electronics industry
- High-quality premium stainless steel: high temperature resistance and excellent corrosion resistance to most chemicals, salts and acids
- Antimagnetic to avoid electromagnetic damage
- The variety of designs and jaw types enables small components to be held, positioned and controlled securely in confined spaces
- Also available as a set (92 00 03)

General

Article No.	92 01 01
EAN	4003773085522
Material	stainless steel
Gripping surfaces	smooth gripping surfaces
Dimensions	10 x 11 mm
REACH compliant	does not contain SVHC
RoHS compliant	not applicable

Technical details

ESD-tested	no
VDE tested	no

technical change and errors excepted
